Forest United Youth FC is a Charter Standard Development club and has been established in the Wembley area since 1973. We are dedicated to youth football and are now seeking to partner with selected businesses by way of sponsorship on a club and or team level. In return we offer you valuable links with an ever growing and highly successful youth football club (containing many parents/guardians/family members, who have proven to be brand loyal), year round advertising/marketing opportunities on a local and national level, stellar PR with an increased positive corporate responsibility profile.

Grassroots youth football is very important, it provides accessibility for kids of all ages, ability and gender and also is a feeder for the professional game. Sustaining clubs of this nature are proving to be more challenging. Whereas previously we could grow completely through self-funding, we now must look for sponsors to ensure we can continue to serve the community by providing quality facilities, football training and teams for many years to come.

The current situation with Forest is as follows;

- Our clubhouse has finally been condemned as it is no longer fit for purpose, we are looking forward to our new bespoke facilities, in partnership with the local community in the near future.
- We now offer sponsors branding on shirts in addition to pitch side advertising for home and away games.
- We are actively recruiting female players and have plans to run holiday Soccer Schools.

These changes bring exciting long and short term sponsorship opportunities for your company.

We have varying levels of sponsorships from donor through to palladium. We have opportunities to sponsor the club as a whole and/or solely team sponsorship and also bursary sponsorship options.

We are looking for sponsors who want to get in on the ground floor and partner with a youth team that has a proven track record of success and one that is at the start of exponential growth, both in teams and facilities.

## Development Plan Sponsorship

As we plan for the long term future of Forest, we are seeking sponsors to contribute towards the cost of redevelopment of our clubhouse.

We are still in the early stages of planning and have future proof 'Grand Designs' in mind for our bespoke new build home and Community Hub.

Building from the foundation up requires a significant budget. We have many forthcoming fundraising projects in mind specifically to fund the build, but we will definitely require donors and sponsors to ensure it is built to a standard that will accommodate our growing needs well into the future and also serve the needs of the local community of Brent.

Please contact us if you are interested in contributing to our development fund. We are happy to discuss the various levels of sponsorship we have in mind, both from companies to individuals.

### Forest Bursary Fund

We serve a community that is diverse in its composition, from the many languages that are spoken to the disparity in circumstances. With this in mind, we have devised the Forest Bursary Fund to ensure that we never have to turn a child away due to financial circumstances. Contributions to this fund go a long way to changing the lives of children who may not be able to access quality local sport otherwise.

**Contributions of any amount are gratefully accepted.**

We have one of the lowest subscriptions in the game. For example, a donation of £135 will cover all match and training fees for a player the entire season.
