# Ospreys in the Community is a new, not for profit, foundation that works in close partnership with Ospreys Rugby.

Whilst sharing a strong relationship and forming a key part of the Ospreys Strategy, Ospreys in the Community operates on an independent basis to the professional rugby organisation.

Working in conjunction with commercial partners, public sector bodies and third sector agencies to generate financial support and resources, our aim is to create a vibrant and sustainable Foundation that utilises the undoubted power of the Ospreys brand and players in a positive fashion, to harness social good and make an impact in communities.

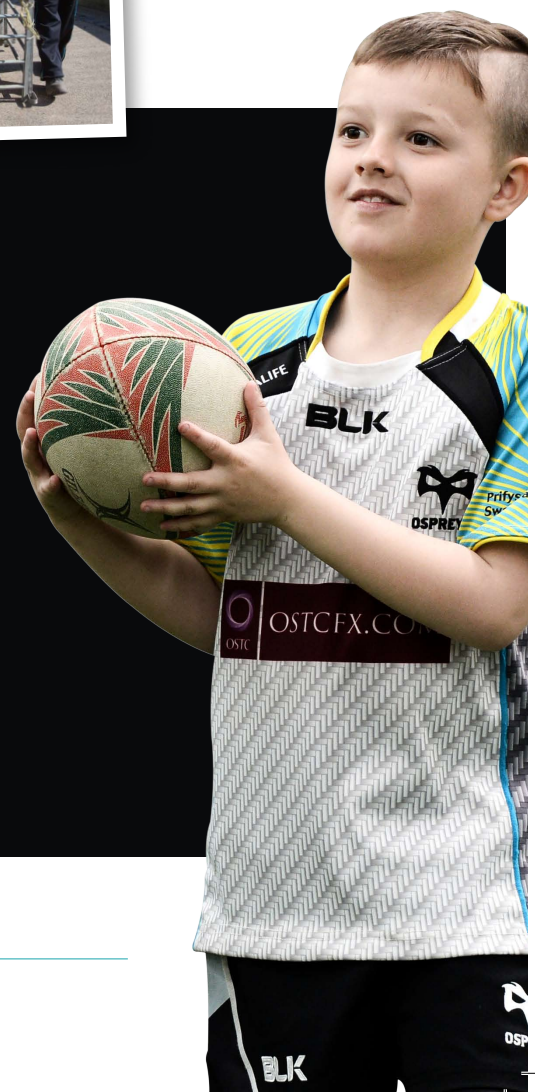

**Our mission is to Provide, Inspire, Empower, Motivate**

## What do we do?

Our principle aim is to use the power of sport and the Ospreys brand to empower people within Ospreyilia to make positive life choices. Ospreys in the Community will play an important part in improving many people's lives irrespective of age, ability or gender.

We aim to improve lives by working in partnership with other organisations to create a wide range of innovative programmes that will be contained within our four Strategic Themes; Education, Health, Sport, and Inclusion.

Each of our strategic themes has its individual aim;

## HEALTH

Empower individuals to make a positive change and lead a healthier lifestyle.

## EDUCATION

Creating opportunities by developing skills, confidence and raising attainment.

## SPORT

To give children, young people and adults the chance to participate.

## INCLUSION

To support under represented groups to have the same opportunities as others.

Over the next three years Ospreys in the Community is targeting engagement with over 20,000 people in their communities per year, becoming an established organisation that provides sustainable and enjoyable programmes that have a positive impact on the lives of Ospreyilians.

'Ospreys in the Community will be working to support Ospreyilians so that Ospreyilians support us.'

## Our Social Purpose

- We will have a positive effect on changing people's attitudes to education, health and leading a healthier lifestyle.
- Develop and deliver programmes that encourage communities to become more resilient.
- Create jobs and a range of volunteering opportunities that make a difference within communities by empowering people, and improving skills such as self-confidence, leadership and communication. Ensuring that people have a sense of belonging.
- To support key government agendas and initiatives.

## How can you support the Ospreys in the Community?

- Contact Ospreys in the Community if you feel that you have an opportunity to work in partnership with us on one or more of our key themes.
- Assist us in accessing grant funding.
- Help us to access your companies Corporate Social Responsibility and we will help your company meet its social purpose.
- Support our fundraising by making a donation or joining our campaigns.
