

Farnham Heath End School

If we can raise 'one off' sponsorship of £50,000 the Government will provide a further £518,000 over the next four years.

Aiming to be at the forefront in Maths and Computing

Technology Colleges Trust  
EXCELLENCE AND DIVERSITY

We invite you to join us in acquiring Specialist School Status in Maths and Computing

**Farnham Heath End School  
will be at the  
forefront of education  
in Maths and  
Information  
Communication  
Technology.**

**a + b**

**“Don’t miss your  
chance to be  
a partner in  
enhancing the  
opportunities and  
prospects of  
the leaders of  
our future”.**

## Maths and Computing

We are proud of our academic record in Maths and Computing. Combined with our philosophy of continuous improvement we can do even more for students of all ages and the local community.

## Specialist School Status

The Government has invited schools to bid for specialist status in a chosen field. If we can raise 'one off' sponsorship of **£50,000** the Government will provide a further **£518,000** over the next four years.

## What could we achieve with Specialist School Status?

We would not only build on our own record of success but also set about further improving standards and opportunities in local partner schools at both primary and secondary level.

We would help raise standards of teaching and learning through:

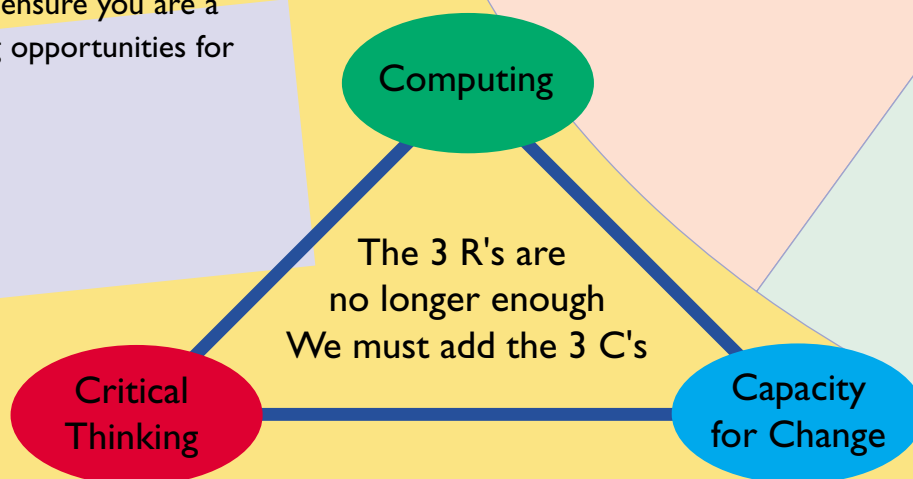

- Co-ordinating training and resourcing for teachers in all the schools involved.
- Improving existing computing facilities for use by schools and the community.
- Fostering extra curricular clubs and activities for student and adult learners.
- Business partners sharing their experience and expertise in expanding the development of our students.
- Partnership sharing of training and facilities.

## Partnership

To achieve this, our challenge is to raise the initial **£50,000**.

Will you join us and help?

Any sized contribution will ensure you are a valued partner in enhancing opportunities for our school and community.

# What people say about Maths and Computing at Farnham Heath End School in support of Specialist School Status:

*I am delighted that Heath End School is applying for Specialist School Status.*

*We already have excellent working relationships between our schools and this offers an exciting chapter in the quality of education provided and one which students from this school will greatly benefit from. It will maintain Heath End's place in the forefront of education.'*

John Scott, Headteacher Hale School

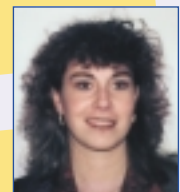

*We would welcome very much Farnham Heath End's development in this direction as we believe that the profile of needs in Surrey will be best served by such an initiative.*

*It will also enhance the popularity, access and participation of students to post-16 courses in both Maths and Computing.*

Sally Francis, Principal Farnham College

- *Teaching is a strength of the school'.*
- *'Headteacher and Governors provide strong leadership. Their clear vision of what they want to happen is successfully raising standards'.*
- *'Attainment in Maths is good'.*
- *'Students take pride in their work'.*
- *'ICT - students make good, often very good, progress at KS4. Standards are well above the national expectation'.*
- *'The school is well placed to meet its objectives and to continue its developments.'*

Quotes from Ofsted Report 1999

*I am inspired and enthusiastic about Specialist School Status as this will give us the ability to broaden the students' learning experience within Maths and ICT, and across the whole curriculum. It will provide us with exciting opportunities for the school to take a major part within the local community and for local businesses to take part in developing and enriching the learning and growth of our students.*

Nicki Callan, Head of Maths  
Farnham Heath End School
