ideasUK will host its 24th annual International Conference at the Mecure Holland House Hotel Cardiff on the 10-11th November 2010. This conference will provide a forum where experts in Suggestion and Innovation Schemes from all over the world will attend and speak and share best practice.

ideasUK also organises the ‘Idea of the Year’ competition in recognition of most significant ideas implemented by organisations throughout the calendar year. This competition seeks to recognise employees and organisations for their outstanding ideas.

Not only does this competition provide an opportunity for participating organizations to benchmark against other leading organisations, but it also acts as a motivational tool for employees.

For the first time we are opening up sponsorship opportunities to wider business community and have a limited number of packages available.
