

Get the New Year off to a flying start!

...by joining us for all the thrills and spills in the 2014 Scottish Rally Championship.

This year there are eight rounds of high-octane fun in the forests with some of the UK's most talented rally teams. Rallying is a great way to promote your organisation and to bolster your team building efforts.

At team eRally, we have a different approach to motorsport.

This gets us noticed and you too.

We are unique in that we are developing the UK's first fully-electric, high-powered, zero-emission rally car. For full details on the project, grab a cuppa and browse to www.erally.co.uk

Whilst the eRally Fiesta pictured above is being developed this year, we still need to keep our team competition fit. So to this end we have entered the 2014 Scottish Rally Championship using a more traditional Subaru Impreza rally car. We would like to work with you this year to make 2014 an exciting and prosperous one, then we can all go up a gear in 2015 for the eRally Fiesta!

We don't ask you to part with your cash just for logos on the car, we go much further by listening and learning from you. That way we can offer to help with your marketing and team building needs, then reach a bespoke tailored package that is mutually beneficial to all.

For more details or to arrange a friendly, no-pressure chat please use our contact details below.

Thank you for your time...

Kind Regards,

Ellya Gold (Driver) ellya.gold@gmail.com
